

Pump House, Mirror Lake

Herrick Archives Number S 03

A. IDENTIFICATION & LOCATION

1. Name

1.1 Never officially named by Board of Trustees action.

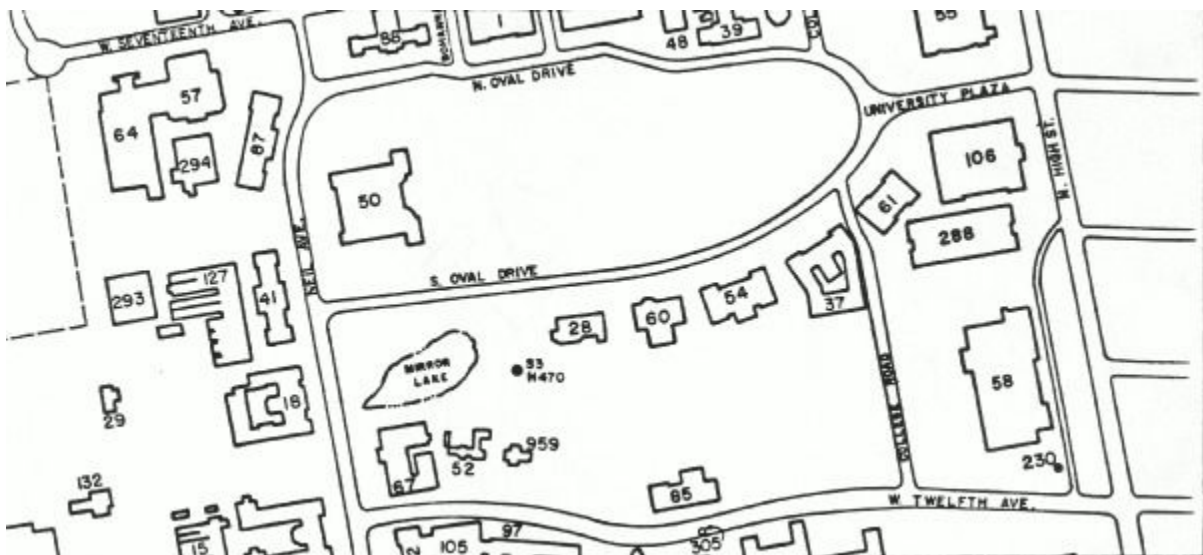

1.2 Alternate names noted:

None.

2. Location

2.1 Located east of Mirror Lake. Number arbitrarily assigned for indexing purposes: 211 South Oval Drive. See map below.

2.2 For greater detail, see Sheet 110 in the book of campus maps in the University Archives.

For identification of other buildings shown, see Appendix A.

3. General Description

This is a small hexagonal stone building of approximately 25 square feet and 8 feet high erected over the well east of Mirror Lake. It houses the pump and chlorination equipment.

B. PLANNING & CONSTRUCTION

This building was constructed by the Service Department during the summer of 1960 (M52:8 - October, 1960).

See Addendum No. 1

C. PHOTOGRAPHS

1. In Photoarchives:

D. MISCELLANEOUS

The building replaced an earlier wooden structure (H 470).

John H. Herrick
May 19, 1976

ADDENDUM NO. 1

A work order recently found in Walter Hartman's files indicate that H470 was not replaced by S 03. Rather it was increased in size in 1960, and chlorinating equipment was installed to control algae and the hydrogen sulfide odor of the water.

H470 and S 03 are, therefore, the same structure.
